

Integration Details

07/15/2024 6:36 am EDT

To change the name of your Integration or add a description, navigate to the follow on your chosen integration:
Settings → General

The screenshot displays a web interface titled "Sample Integration" with navigation tabs for "Preview", "Settings", and "Guide". The main content area shows a preview of a checkout page for "YourSite.com". At the top of the preview, there is a dropdown menu for "Autoaddress Form" and a "JSON <>" button. The checkout page itself has a dark header with "YourSite.com" and a language selector "EN". Below the header is a breadcrumb trail: "Shop > Your cart > Checkout". The "Shipping details" section contains three input fields: "First name" (filled with "joe"), "Last name" (filled with "Bloggs"), and "Shipping address" (with a placeholder "Enter your address" and a search icon). The "Order summary" section features a product image of blue flowers with a quantity indicator "2", the product name "Eryngium 'Blue'", and the quantity "1 bare root". Below the product is a table with the following items:

Subtotal	\$29.99
Shipping	\$4.99
Total	\$34.98
