To change the name of your Integration or add a description, navigate to the follow on your chosen integration:
Settings → General

The screenshot displays a web interface titled "Sample Integration". At the top, there are navigation tabs for "Preview", "Settings", and "Guide". Below these, a dropdown menu is set to "Autoaddress Form". To the right, there are icons for a mobile device, a speech bubble, and a "JSON <>" button. The main content area shows a preview of a checkout page for "YourSite.com". The page has a dark header with the site name and a language selector set to "EN". The breadcrumb trail is "Shop > Your cart > Checkout". The "Shipping details" section contains three input fields: "First name" with the value "joe", "Last name" with the value "Bloggs", and "Shipping address" with the placeholder "Enter your address" and a search icon. Below this is an "Order summary" section featuring a product image of blue flowers, labeled "Eryngium 'Blue'" with a quantity of "2" and a price of "\$29.99". The summary also includes "1 bare root". At the bottom, a table shows the order totals: Subtotal (\$29.99), Shipping (\$4.99), and Total (\$34.98).

Order summary	
	Eryngium "Blue" 1 bare root
2	\$29.99
Subtotal	\$29.99
Shipping	\$4.99
Total	\$34.98
