

Limit by IP

11/07/2024 4:29 am EST

This restriction limits IP addresses can have access to a specific integration. This means that this integration will only be accessible through the specified IP addresses.

Navigate to API Keys and click "Edit".

The screenshot displays the 'API Keys' management page in the Autoaddress application. The left sidebar contains a navigation menu with the following items: Dashboard, Reports, Integrations (with a sub-menu arrow), API Keys (highlighted), API Status (with a checkmark icon), Developer Hub (with an external link icon), Support, My Account (with a dropdown arrow), Subscription, Profile, Manage Users, and Log out (with an external link icon). The main content area is titled 'API Keys' and includes the subtitle 'API Keys for your Integrations.' Below this is a table with the following data:

Integration	Key	Created	Restrict
New Integration	pub. [Redacted]	20 Feb, 2024	Edit (with red arrow pointing to it)
Sample Integration	pub. [Redacted]	24 Jan, 2024	Edit

Add an IP address, ensure it is in CIDR notation, and then press Save.
