### 3. Paste API key into BigCommerce

Retrieve the API key from this new Integration, go back to the Autoaddress app on your BigCommerce store and paste this key into the blank field.

1. Get started by [creating an Autoaddress account](#) and a BigCommerce integration
2. Copy your API key and then paste it in the field below
3. Click Save
4. Autoaddress address capture is added to your checkout flow and the app is ready for use!

For more information, see our documentation [here](#)
